

# House of BLUE HOPE

Overcoming poverty through education...  
one child at a time.

November 2011, Vol 3 Issue 4

## Meet Adam

Adam is the youngest of 6 children. His father was abusing his mother so badly that she ran away from him and moved in with her father. Because there are six children living with a woman and old man in Dar es Salaam, there was no money for Adam to go to school and food was hard to come by.

Adam is now living in the Blue Hope house and going to school, pursuing his dream of being a pilot one day!

## The Grades Are In

Grades were reported for all the kids in the program and we are very proud to report that all children are doing very well! Some of the comments from the teachers include “Friendly and cooperative”, “Works well”, “Participates well in class”, “Good behavior and cooperates”. Good job, kids!

## Double Your Impact!

When you donate to House of Blue Hope, make sure to check with your employer to see if they will match donations. It is a simple and easy way to double your donation! Ask your employer or search this list [here](#). Thanks!

## Mark Your Calendars

Strides for Kids 2012 will be the morning of June 15 and the annual poker tournament will be the evening of June 14, both in the Milwaukee area. Mark your calendars now and keep an eye on the website for more details in the coming months.
